sports. Students participate in on-going projects to raise competence and promote equal opportunities to raise the level of knowledge of a particular subject.

In the Secondary School of interest can be developed through volunteer activities, theatre group "Paradox" ASTAT2 scout team, as well as in the wheels of interest: chess, pool or

The school carries out joint projects with schools in Lithuania and Belarus.

Proposed activities for a volunteer:

Duration: 10 months

Places: 2

Start: September 2016

City: Dabrowa Bialostocka

Activities are related to the potential and abilities of the volunteer. For this project it's important than the volunteer will have also his own ideas. Please, have it also in mind that the project takes a place in a small village!!! In this project particularly welcome are **sport** interest/abilities. However, volunteer can participate in other activities as:

-creating interest's clubs, e.g. foreign language club ,

literature club, sports club.

- local animation— running the Senior Language Club

-local animation: supporting local kindergarten

-helping for Therapeutic Centre at school (for disabled youth and with special needs)

-organizing school events (for example: Volunteer Day, Intercultural Day)

-supporting the language classes at school or another classes

-supporting sport classes

-organizing extra classes and outings

- Volunteers have possibility to create own project and offer own activities during their stay in the school (for instance in field of sport, music, theatre, multimedia, literature, languages ...)
